

The Ethics Review Committee (ERC) of the NIMH is a board specialized in reviewing scientific & ethical aspects of research protocols specific to mental health. The ERC of the NIMH has received approval from the Ministry of Health and also a member of the Forum for Ethics Review in Sri Lanka (FERCSL). The ERC is planning to obtain accreditation from the Strategic Initiative for Developing Capacity in Ethical Review (SIDCER) in 2015/2016.

The ERC is responsible to review research proposals submitted to them for ethical consideration, and to make suggestions on improvement of research protocol in keeping with current ethical standards.

Each proposal is reviewed in-depth by 3 committee members and the other members review a summary of the proposal. The in-depth reviewers are selected depending on the specialty/area of the research project submitted.

Present Members of the ERC (Tenure - June 2015 to May 2016) :

1. Prof. Harischandra Gambheera (Consultant Psychiatrist, NIMH)

2. Dr. D.P.D Wijesinghe (Consultant Psychiatrist, NIMH)
